

## Accommodations

The Orchid Inn is a romantic and inviting “get away” with two suites available for lodging. The island style architecture of the house captures the soft tropical breeze and floral fragrance wafting from the exotically planted gardens surrounding the property. The interior walls and ceiling are tongue & groove cedar with a highly polished oak floor. It is both comfortably and elegantly furnished, a tasteful combination of luxury and island style. Breakfast at The Orchid Inn is served on the dining room lanai overlooking the expansive grounds and the ocean beyond.

**The Zanzibar Suite** is located on the main floor adjacent to the great room. There is either a private entrance from the outside lanai or through two large pocket doors inside the house. The suite contains a four poster, canopy bed and in the adjacent sitting room (which may be used as an additional sleeping area) a daybed where you can read that romantic novel before turning in for the night. You will find the bathroom to be a visual delight with it’s black lava stone shower, Chinese red walls and faux leopard print towels. Your four poster bed sits at the perfect angle over-looking the bay below. From your private lanai you will have a great view of the landscaped grounds and Pacific ocean. The perfect romantic place to sit and enjoy your breakfast of fresh mango, hot rolls and locally grown Kona coffee.

**The Garden Suite** is located on ground level. This suite will delight your senses. The décor is fresh, bright & botanical and features of the artwork of local artist & gallery owner, Shelly Maudsley White. This suite contains a compact kitchen allowing you the advantage of light meal preparation. Refrigerator, microwave, sink, dishes are all on hand. The bed is queen size with two over the bed reading lights for nighttime reading. A sofa sleeper comfortably accommodates two additional people making the maximum occupancy four adults. You will also have a vast array of books, flat screen TV with DVD included in your suite. One of the most charming aspects of this suite are the many windows and glass doors overlooking the grounds. Do you enjoy sitting on your private lanai? If you love nature & the outdoors this is the place for you!
